11 SUSTAINABLE CITIES AND COMMUNITIES

Targets by 2030

Ensure access for all to adequate, safe and affordable housing and basic services and upgrade slums

Provide access to safe, affordable, accessible and sustainable transport systems for all, improving road safety, notably by expanding public transport, with special attention to the needs of those in vulnerable situations, women, children, persons with disabilities and older persons

Strengthen efforts to protect and safeguard the world's cultural and natural heritage

11 SUSTAINABLE CITIES
AND COMMUNITIES

Targets by 2030

Provide universal access to safe, inclusive and accessible, green and public spaces, in particular for women and children, older persons and persons with disabilities

Significantly reduce the number of deaths and the number of people affected and substantially decrease the direct economic losses relative to global gross domestic product caused by disasters, including water-related disasters, with a focus on protecting the poor and people in vulnerable situations

Support positive economic, social and environmental links between urban, peri-urban and rural areas by strengthening national and regional development planning
